PHC BioPak[®] Plus

3 • 0 • 20

PHC BioPak Plus is a mineral treatment for stress for all varieties of plants. It provides immediate doses of nitrogen and 7 essential minerals plus numerous strains of beneficial rhizosphere bacteria that fix nitrogen, solubilize phosphorus and biodegrade organic matter to provide sustainable fertility for all landscape plants. PHC BioPak Plus is an effective solution for plants expressing symptoms of mineral deficiencies such as chlorosis (pale leaf color) and necrosis (localized tissue death).

DIRECTIONS FOR USE

PHC BioPak Plus has a near neutral pH of about 6 and can be tank-mixed with diluted pesticides and fertilizers. Add product to tank last. Mixed solution should be used within 12 hours.

APPLICATION RATES				
APPLICATION	PHC BIOPAK PLUS	WATER VOLUME	METHOD OF APPLICATION	COVERAGE
New plantings (ornamental/potted)	1 pound	25 gallons	Drench or spray to soil saturation	1000 square feet
Maintenance	1 pound	25 gallons	Drench or spray to soil saturation	2000 square feet
Pre-Digging/Transplanting	3 pounds	100 gallons	Drench or spray to soil saturation	5-gal per caliper inch or to soil sat.
Flower Beds	1 pound	25 to 50 gallons	Drench or spray to soil saturation	10,000 square feet
Tree/Shrub Care	2 pounds - initial 1 pound - maintenance	50 to 100 gallons	Soil inject, drench or spray	1000 square feet
Lawn Care	1 pound	50 to 100 gallons	Drench or spray to soil saturation	10,000 square feet
Seeding/Sod Installation	1 pound	50 to 100 gallons	Drench or spray every 2-4 weeks	10,000 square feet
Sod Preparation	1 pound	50 to 100 gallons	Drench 2-3 days prior to harvest	10,000 square feet

STORAGE

This product is stable in cool, dry storage conditions.

HEALTH AND SAFETY INFORMATION

- In case of allergic reaction(s), treat symptoms and contact physician.
- Avoid breathing dust or spray mist or contact with eyes or broken skin.
- In case of ingestion, seek medical attention.
- Wash hands after handling.
- Keep out of reach of children.
